6. ATPO, IT – Member
7. Sh. B.B. Saini, Associate Professor, Nodal Officer (Academic Activities) – Convenor

“For increasing institutional focus on providing academic and guidance support to the SC/ST/OBC/ academically weak students, all project institutions are required to constitute a Finishing School as per Project Implementation Plan (PIP) of TEQIP-II.

The key activities under the aegis of the Finishing School (Annexure – A) will be:

- a) Conducting remedial teaching throughout academic sessions for improving transition rate and pass rate of students,
- b) Conducting specialized soft skills and professional skills development training during semester-breaks and vacations (preferably starting from 5th Semester onwards) for increasing employability,
- c) Conducting high intensity training (of at least 4-weeks duration) for development of soft and professional skills in the students that graduate but fail to secure any employment, and
- d) Organizing campus interviews and making other efforts to secure employment for graduate engineers that complete the training under activity (c) above.”

The activities under the Finishing School should be initiated at the earliest. The data related to the identified weak students based on 1st MST and the transition rate for the last two academic sessions be analysed.
